Dear Mr. Thomas:

This letter is in regard to your notice you have on file with the Salt Lake Field Office, Bureau of Land Management (BLM), serialized UTU-72299, located in T. 14 N., R. 16 W., Section 26, Salt Lake Base & Meridian (SLB&M) in Box Elder County, Utah.

On November 22, 2013, Larry Garahana of my staff conducted an inspection on your notice and concluded that the site has been successfully reclaimed with the establishment of desirable vegetation and no further reclamation is needed at this time.

The BLM also concurs with the inspection report of June 5, 2013, from the Utah Division of Oil, Gas and Mining (UDOGM) in that the site was completely reclaimed and vegetation has been established greater than the 70% standard required. We have contacted the UDOGM and recommended the remainder of the reclamation surety for the referenced mine site be released at this time.

Therefore, upon receipt of this letter, notice UTU-72299, has been closed and if you plan to conduct further exploration or mining activities on BLM land in the future, you must submit a new notice or plan prior to any surface disturbing activities. This action by the BLM does not absolve you of any responsibilities you may have with the UDOGM and you should contact them to see what you may need to do in closing your file with them.

If you have any questions, or require additional information, please contact Larry Garahana at (801) 977-4371.

Sincerely,

Kevin E. Oliver
District Manager
